SUMMARY

Full-Stack Web Developer proficient in JavaScript, TypeScript, and the MERN stack. Experienced in building production-ready applications with Next.js and REST APIs, focusing on scalable database architecture and secure authentication. Strong foundations in Data Structures and Algorithms with a commitment to clean code and responsive engineering.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Java, C++, Python

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, Authentication (Clerk)

Astral Techsoft

Dhulabari, Nepal

Junior Developer Intern

2024

- Collaborated on web development projects using the MERN stack to build and maintain responsive frontend components and backend logic.
- Contributed to the development of RESTful APIs and integrated them with React-based user interfaces to ensure seamless data flow.
- Participated in code reviews and utilized Git for version control within a team environment to deliver functional web solutions.

PROJECTS

ADTU Market | Next.js, MongoDB, Clerk, Cloudinary

[Live Demo](#)

- Developed a full-stack marketplace application enabling users to create, browse, and manage product listings with real-time status updates.
- Implemented secure user authentication and protected routes using Clerk, ensuring data privacy and restricted access to management features.
- Architected a robust backend using MongoDB and Mongoose for efficient data persistence and integrated Cloudinary for multi-image uploads.

Expensy | React.js, Node.js, Express, MongoDB

[Live Demo](#)

- Built a comprehensive expense management application for tracking personal and group finances via a centralized dashboard.
- Engineered RESTful APIs to handle transaction management, notifications, and secure user data storage in a MongoDB database.
- Developed a clean, intuitive frontend interface focused on financial data visualization and seamless user experience across devices.

EDUCATION

Assam Down Town University (ADTU)

Guwahati, India

Bachelor of Technology in Computer Science and Engineering

Pursuing

Dhulabari Campus

Dhulabari, Nepal

Diploma in Information Technology

2021 – 2024

- Academic Achievement: Graduated with 73%

PROBLEM SOLVING

- Successfully solved 100+ Data Structures and Algorithms problems, demonstrating proficiency in algorithmic thinking.
